

THE WAHACA MENU CARBON COUNTS

Here you can find the CO₂e for each Wahaca dish on our main menu, calculated with the climate experts at [Klimato](https://www.klimato.com).

UK's Average lunch or dinner is 1.6kgs CO₂e. Low rated dishes are planet-friendly food, about 1/3 of average meal. Medium are at or below today's average emissions of a meal and High are above average.

Introducing carbon emissions on to menus is new for us and most people in UK. If you have any thoughts, questions or feedback, please get in touch and help us learn and improve what we're doing at ola@wahaca.co.uk

Main Menu Dishes	Total CO ₂ e emissions (kg)
